

Adder PlayTable

Adder PlayTable

Adder PlayTable is an interactive desktop for kids. It's just like a Touch Pad, but bigger and better.

Kids can simultaneously point, touch, click, drag objects, draw, and play. It's mobile enough to be placed wherever you want, but stable and sturdy enough to survive kids having fun.

32" Interactive Surf Tablet for kids allow kid's creativity to flow freely, using (playing) with the unit's limitless access to games and applications. Adder PlayTable is an interactive 32" touchscreen, built into a sturdy and attractive box, along with an Android computer, Wi-Fi, a power supply and an optional battery, enabling the unit to be placed on any flat surface at shops, supermarkets, showrooms or any public place, where kids need to be engaged in an entertaining way. The surface is a 5mm anti reflex, - scratch or - crush glass (kid safe). No installation at all. Just connect to power and start using it.
