

Portable Fabric Display LED

Portable Fabric Display LED

The Adder Portable LED frame is an all-in-one portable LED system that is easy to assemble and bring to trade shows and events. The patented bracing together with OSRAM LED technology holds the fabric panel tight for a flat panel with even lighting. The system is delivered in a hard case with wheels for easy transportation.

Features

- 1 system for 4 different sizes
- Only 120 mm in depth (4.7")
- Easy assembly with plug & play light technology
- Strong and sturdy construction for a flat panel with even lighting
- Delivered including hard case with wheels
